3. Parents & Dancers should represent their Studio 4 team spirit at all competitions.
4. Parents & Dancers should be respectful of all team members & encouraging to all of our dancers. They should jump in & support each dancer or parent when needed.
5. Directly after all competitions, parents should NEVER approach the teacher with questions of scores. This is a time to be supportive of the entire team, no matter what the outcome. The teacher will discuss scores with the dancers at a later date.
6. It is the Teacher/Directors decision to share video/audio critiques with the parents. They will usually be shared with the students/ not the parents. Please DO NOT ask the teacher/director when the critiques will be reviewed. They will let you know & invite you in if parents are able to see them.
7. Parents need to be aware that competing is very hard on your child. It is an emotionally draining experience for them. They need your support throughout this event, no matter the outcome.
8. All Parents & Dancers should sit with our team during competitions. It is fine if parents are split up or if you sit with a friend from another team; however, our team should sit together for the majority of the day; we need to remain supportive to our team.
